

Slimline, stylish and strong...

Slimline design

*System Sixty is specifically designed to save energy and offer improved levels of comfort and home security. Needless to say, we think you'll be suitably impressed!*

## ...superb quality - proven protection

Building regulations  
**Document L\* compliant**

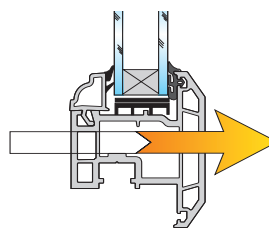

Used with the correct glazing specifications, PROFILE 22 windows meet the improved energy efficiency requirements of the government's new Buildings Regulations **Document L\***.

\*Document J in Scotland \*Document F in Northern Ireland

## HEAT SAVING AND SECURITY

The PROFILE 22 60mm system is well equipped to protect your home from the weather and would-be intruders with a heat saving multi-chamber frame and secure, multi-point locking.

**Added peace of mind:** a selection of some of the anti-intrusion devices used on PROFILE 22's 60mm system\*

\*Exact locking specifications may vary - ask for further details.

## A choice of beading designs

All beading styles are available in all colours

Bevelled bead

Scotia bead

Ovolo bead

### *Slender in appearance - deceptively strong and secure*

**P**ROFILE 22's 60mm system is an ideal solution for homeowners who appreciate the aesthetic qualities of windows that are slimmer in appearance and inherently strong.

The multi-chamber construction of the frame's profile gives it an intrinsic strength and also acts as an effective insulator which, together with the option of 24 or 28mm double glazing, complements a system that is designed to conserve energy and prevent excessive heat loss.

Glazing gaskets and flexible frame seals used inside and out form an effective weathertight barrier against the wind and the rain for a warmer, quieter living environment. And, for safety and security's sake, the multi-point configuration of the locking system and a choice of innovative hinges, handles and high quality hardware, helps to make your home equally secure!

## A choice of frame finishes

White

Rosewood

Antique Oak

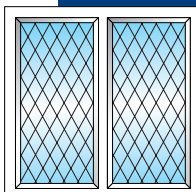

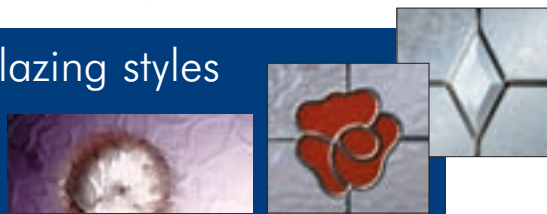

Rosewood on white

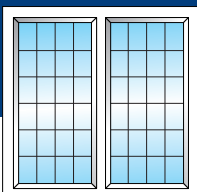

Antique Oak on white

## A choice of glass and glazing styles

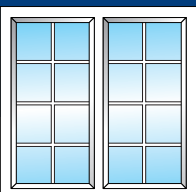

A wide range of obscure and decorative glazing styles are available. Ask for further details.

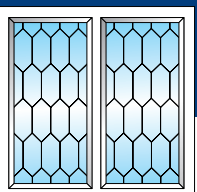

Elizabethan Leaded
